

Revision: December 2020

This program plan outlines how students may transfer credits from the **Suffolk County Community College A.S. Nursing** degree program to the **Excelsior College RN to BS Nursing** degree program. Upon completion of your nursing degree and validation of your current, unencumbered RN license, the following credits may apply for students enrolling in the **RN to BS Nursing** program.

This guide is only a sample scenario. Excelsior College reviews every student individually. Actual requirements will be dependent on the courses a student transfers and the application date with Excelsior.

| Suffolk County Community College Credits | Semester Hours | Excelsior College Requirements | Semester Hours |
|---|----------------|---|----------------|
| BIO 130: Anatomy & Physiology I | 4 | Anatomy & Physiology AND Sciences Supportive of Nursing Core | 4 |

| Total Credits Required for Bachelor's Degree | 121 |

* Students can take these courses at Excelsior College or another degree granting institution. Students should contact Excelsior College for approval before registering to ensure the transferability of this credit.

** Students are required to take a minimum of **12.00 online course credits** from Excelsior to qualify for partner pricing.

What are Arts and Sciences?

We offer the following definitions to help you make these determinations. Remember, however, that before you pay to take a course or examination you should always consult with your advisor to make sure that it will help meet your degree requirements.

Humanities

Humanities subjects focus on developing knowledge and skills in critical reading, logical thought, and esthetic appreciation. Here are some subject areas typically classified as Humanities:

Art, Philosophy, Music, Foreign Language, Literature, Theater, Ethics, Speech, Religion, Communication

Social Sciences and History

Social Sciences and History subjects focus on individuals and society and the processes individuals use to order their world. Here are some subject areas typically classified as Social Sciences and History:

Psychology, Economics, Sociology, Geography, Political Science, History, Anthropology

Natural Sciences and Mathematics

Natural Sciences and Mathematics subjects focus on understanding the natural world and problem-solving processes. Here are some subject areas typically classified as Natural Sciences and Mathematics:

Anatomy and Physiology, College Algebra, Microbiology, Calculus, Chemistry, Genetics, Biology, Physics
