6 Vaughn-Suffolk

*** Note Due to recent changes in the course content of FYI 101 Freshman Year Initiatives (addition of Title & college policies on sexual harassment and codes of conduct) transferring students will no longer receive blanket transfer credit. Those transfer students will receive a seminar containing required materials after arriving at Vaughn and appropriate adjustments will be made in the credits. This will in no way alter any of terms of the original agreement and will not hinder students from completing the programs according to the specified time tables. The issue will be further addressed when the agreements are reviewed and updated in the future.
